To enhance public safety, the Police Department recommends extending Designated Area No. 4, section 4-9-1, (Definitions), to include an area approximately 200 yards wide, beginning at 29th Street, running north along Guadalupe and terminating at 51st Street. Police will enforce a ban on the public consumption of alcohol in this extended area in an effort to decrease incidents of public intoxication, disorderly conduct and littering. Numerous citizen complaints of noise, public consumption of alcohol and general breaches of the peace in the proposed area have prompted this recommendation. Citizens have stated at meetings that public consumption of alcoholic beverages seems to contribute to littering, noise and disorderly conduct. The City Code provides for a ban on the public consumption of alcoholic beverages at section 4-9-11, Consumption of Alcoholic Beverages in Designated Areas Prohibited. Due to the commercial nature of the neighborhoods in the proposed extension area, a ban on the consumption of alcoholic beverages in that area is consistent with ordinances previously passed by Council.

For the above reasons, the Police Department recommends that Council pass the attached ordinance which will extend Designated Area No. 4 and ban the consumption of alcoholic beverages on public streets, sidewalks and parks located therein.
